Coroner's Jury Finds That Carlander Shot Himself by Accident.

Wilmington, Kan., Dec. 26.—By report of the family, who served to pay the expenses of the inquest, Coroner Mayberry held an inquest yesterday on the remains of Hugo Carlander, who was reported to have committed suicide Tuesday. The following jurymen were summoned:

J. C. Davis, T. H. Gilmore, Nick Begley, J. O. Beckley and R. H. Thomas.

After hearing the testimony of Jake Africa and J. H. Greene, the jury returned a verdict that the death was accidental.

Mr. Allen testified that he had loaded a muzzle-loading shotgun to Carlander the day before, and had warned him that the gun would not stand cocked. Carlander had come up town and bought some ammunition for the gun, for the purpose of killing a snake.

Green saw him run out of the house with the gun and he believed a boy snake had been shot, but did not see Carlander until after he was dead. He found the dead man lying with his feet toward the barn, or pile of Indian and the gun slightly under his head. Carlander had taken fire and driven but the jury did not examine him closely enough to see that he was dead, and that the victim

OLD CHARACTER AT GUTHRIE BURNS TO DEATH

Simon Owens Winds Up His Last Christmas Day.

OVER 100 YEARS OLD

Had Bottle of Gin and Kicked Stove Over.

Guthrie, O. T., Dec. 26.—At an early hour this morning fire destroyed a small house at the foot of Harrison avenue in this city and before this department could reach the place, the only occupant of the house, Simon Owens, was burned to death.

Owens had a remarkable history, extending over 106 years. He was born on the plantation of Andrew Jackson, 108 years ago and was a slave in the Rebel army, and was wounded at the siege of Vicksburg, by the falling of a shell from one of General Grant's cannons. His death was caused by someone making him a Christmas present of a bottle of gin and the old man, after partaking liberally, in some manner knocked over the small stove in his room, and being unable to help himself, perished in the burning building.

GOLD BLOODED MURDER AT INGERSOLL

John Burton Shoots and Kills Dave Miller.

QUARRELED OVER GAME

Burton Used Shotgun to Slay His Opponent.

Alva, O. T., Dec. 26.—A terrible tragedy has just been reported from Ingersoll. John Burton of that place shot and killed Dave Miller. The Pioneer tells of the crime in these paragraphs:

Trouble arose over a crap game and as a result John Burton shot and instantly killed Dave Miller. The officers say that as far as they can learn it was a case of cold-blooded murder and it was a wonder the law got to deal with the criminal.

Some time after the murder at the crap game, Miller was bending over a table, Burton came up with a single barrel shot gun and blazed away before Miller saw him. The entire charge struck him in the jaw and penetrated to the brain killing him instantly.

Burton tried to make a get away and ran to a lumber yard where he hid himself but was found by Deputy Sheriff Chilly, arrested and brought to Alva, by team, the deputy sheriff thinking it would be safer, as excitement was running rather high amongst the colored population and quite a crowd had gathered at the depot.

An inquest was held by Justice King, over the body of the murdered man and arrangements were made for the burial. Burton is a man of intelligent appearance and about 30 years old. Miller was an older man, probably 45.

Sheriff Oates and T. J. Comack, accompanied Justice King to Ingersoll today to investigate the case, and will obtain all the evidence that can be secured for the prosecution of the criminal.
